EXPERIENCE

Sales Floor Assistant March 2024 – Present
British Heart Foundation *Wolverhampton, UK*

- Maintained a clean, organised, and welcoming shop floor to enhance the overall customer experience and boost sales.
- Operated Point of Sale (POS) systems efficiently, processing customer transactions accurately and providing excellent service during purchases.
- Worked collaboratively with colleagues to ensure smooth daily operations, improve workflow efficiency, and create a positive, customer-focused work environment.

Software Developer Intern June 2024 – July 2024
MyUCAT Admissions Specialists *Remote*

- Designed and implemented a robust web scraper in Python to automate the collection of Head of Sixth Form contact details from over 3,000 schools across the United Kingdom.
- Gained practical experience in web scraping, Python programming, and handling dynamic website structures, which expanded my knowledge of data automation and information retrieval techniques.

Founder and CEO June 2024 – Present
CompuLearn Foundation *Wolverhampton, UK*

- Established and lead the CompuLearn Foundation, a non-profit organisation dedicated to bridging the digital divide for students in the Wolverhampton area.
- Forge partnerships with local schools and community organisations to provide essential resources, and support to enhance students' digital skills.
- Utilise strategic planning and fundraising initiatives to secure resources and funding, ensuring the sustainability and growth of the foundation's programmes.
- Advocate for equitable access to technology and education, working with stakeholders to influence policy and create opportunities for underserved communities.

EDUCATION

The Royal School *Wolverhampton, UK*
Computer Science, Information Technology, Applied Science Sep. '23 – Present

ACTIVITIES & INVOLVEMENTS

3,000 Push Ups in November November 2023
Teenage Cancer Trust *Wolverhampton, UK*

- ∗ Successfully raised over £180 for the Teenage Cancer Trust by completing a challenge of 3,000 push-ups throughout November 2023, promoting health and fitness awareness.
- ∗ Demonstrated commitment to physical fitness and fundraising by completing an average of 100 push-ups per day, engaging friends and family to support the cause.

Army Cadet September 2023 – July 2024
The Royal School Mercian Combined Cadet Force *Wolverhampton, UK*

- ∗ Participated in training exercises that enhanced leadership and teamwork skills in a military setting.
- ∗ Completed various physical fitness and survival training programmes, demonstrating commitment to personal development.

Club Teacher September 2024 – Present

The Royal School Coding Club *Wolverhampton, UK*

- ∗ Serve as an instructor, teaching fundamental coding concepts to younger students in a dynamic and engaging environment.
- ∗ Developed and implemented comprehensive lesson plans that incorporate interactive activities, ensuring student engagement and practical learning.
- ∗ Foster a supportive and inclusive classroom atmosphere, encouraging students to ask questions and collaborate with their peers.
- ∗ Utilise various teaching methods and resources to cater to different learning styles, enhancing students' understanding and interest in coding.
- ∗ Monitor and assess student progress, providing constructive feedback to help them develop their coding skills effectively.
